How prepared are you for the unexpected?

Stress-testing your plan against the events that derail families' finances.

Premature death of an earner

Needs attention

You'd want about \$1,450,000 more life coverage to fully protect your household.

Disability or serious illness

Partly prepared

Your cash cushion helps; consider disability insurance to replace income longer-term.

Job loss / income interruption

Partly prepared

3 months of expenses saved vs a 6-month target.

Market downturn

Well prepared

With time on your side, downturns are recoverable — stay invested and keep contributing.

Outliving your savings

Well prepared

On track for your target — guaranteed income can lock it in.

Retirement outlook

Projecting 35 years at an assumed 6% return (moderate), using the 4% rule.

Projected nest egg

\$1,260,685

Target nest egg

\$500,000

On track — projected to ~252% of target, roughly \$90,427/yr of income (incl. ~\$40,000 Social Security).

Health & longevity read Elevated risk

An illustrative estimate — not a medical assessment. Higher premiums likely — improvements could lower them.

High-Yield Savings

DO NOW

A liquid emergency fund is the foundation of every plan — 3–6 months of expenses in an FDIC-insured account earning real interest.

Why now: Build toward 6 months of expenses (about \$30,000). You're roughly \$15,000 short — park it in a high-yield account so it earns while staying liquid.

Life Insurance Ethos partner

DO NOW

Income protection for the people who depend on you. Term is the lowest-cost way to cover your working years.

Why now: You have an estimated \$1,450,000 life-insurance gap. Level term is the cheapest way to close it — about \$103/mo at your age and health.

Retirement Accounts (IRAs)

DO NOW

Tax-advantaged accounts are the engine of retirement. Capture any employer 401(k) match first, then fund an IRA.

Why now: Capture any employer 401(k) match first (free money), then fund an IRA — a Roth is ideal at your income for tax-free growth.

SUGGESTED 2026 LIMIT

\$583/mo \$7,000/yr

Roth IRA

Tax-free later

Fidelity · Schwab · Vanguard

- ✓ Qualified withdrawals 100% tax-free

- ✓ No required minimum distributions
- ✓ Contributions withdrawable anytime

Traditional IRA

Deduct now

Fidelity · Schwab · Vanguard

- ✓ Potential up-front tax deduction
- ✓ Tax-deferred growth
- ✓ Convertible to Roth later

SEP IRA / Solo 401(k)

Self-employed

Fidelity · Schwab · Vanguard

- ✓ Contribute far more than a standard IRA
- ✓ Deductible to your business
- ✓ Great for 1099 / business income

Credit Cards

DO NOW

The right card builds a strong credit history (which lowers your rates on everything later) or earns rewards on spending you already do.

Why now: Strengthening your credit lowers the rate you'll pay on mortgages, auto loans, and insurance. A secured or starter card with on-time payments is the fastest way to build history.

Wills & Trusts Ethos partner

DO NOW

An estate plan makes sure your wishes are followed, guardians are named for your kids, and your family avoids probate headaches.

Why now: With kids, a will naming guardians is essential — an estate plan keeps your wishes in control and spares your family probate. Often bundled affordably online.
